

Library News

Next time you are here, take a few minutes and visit our Church Library. Browse our shelves as we have a great collection of books. We have books for all ages and reading levels. You are welcome to find a quiet place in the church and relax and read or you can check the book or books out and take them with you. Simply fill out the card in the book, drop the card in the basket, and you are on your way.

Children's library books can be borrowed by members and visiting children during the church service. You don't need to check the books out unless you want to take them home. Many Bible story books with great illustrations can be checked out to bring home for bedtime stories. Make sure your children understand that Bible stories are not fiction. They are adapted from the Holy Bible, God's Word.

Sing along with two new children's books: "Wee Sing Bible Songs" and "My Sing-Along Bible". Lyrics and CD's are included with each book. "Wee Sing" even has two songs to help memorize the names of each book in the Old and New Testament! Look for these in our library display in the atrium. Anyone can check out our library materials. If you should have any questions regarding our library, please contact Nancy Barry.
